of two officers as Regional officers for work relating to the uplift of the Depressed classes, the G.O. dated 29.10.48 sanctioning these two appointments, is silent regarding the rank and status of these officers. It may be seen from the Note of the Rev. Secy that one of the Regional officers may be P.A. to the Comr for Rural Development. As the status of the Comr for Rural Development has been raised to that of a Head of a Dept, this P.A. may perhaps have to be an officer of the grade of an Asst Comr.

2. In case the intension is to post Asst Comr to these two charges, the officers to be selected are for orders.

3. There is at present an Asst Comr of Depressed classes in the person of Sri B. Rachappa, who is drawing a pay of Rs 650/- in the grade of Rs. 600-25-850. If approved he may be appointed as one of the Regional officers and P.A to the Comr for Rural Development. Janab M. 91 Sri. L. Lingiah in addition to having P.A. to the Commr. for Rural Devt. Work is also Regional officer with control over Dep. class work since he assumed the charge.

93 If approved, the Comptroller will be intimated to permit Sri. Lingiah to draw the allowances sanctioned in G.O. dated 15.7.49 from the date he assumed the charge of the duties in the office of the Commissioner for Rural Devt. Work.

95 It appears fair that Sri L. Lingaiya, Asst. Secretary to Government, C.B. Department with compliments.

I am surprised to see that this file was not referred to me at an earlier stage. It should have been referred to me immediately after the Home minister as the department in which the officer in question is working relates to work of ours. The question of giving effect to this order from the date of G.O. was never in our mind when the subject came up before the council. As the question was changing hands from the beginning in the corresponding stage in the agenda, some of us always were under the impression that in the usual course it would be given effect to from the date of his joining this duty. I really cannot understand how the matter was construed this way. The final Secy says his predecessors will claim. There was no predecessor to claim this allowance. This was a new post created. On account of the delay caused by Govt in taking a decision in the matter, the party is victimised.

NOTE—Contn. sheet

I can quote several instances, even recent, where allowances have been allowed from the date of this joining duty. I am very strongly of opinion that he must be given from the date of his joining the present duty. The matter may be considered in council. 14/9/49

But notification regarding the appointment of a Commissioner for Rural Development and - investing him with powers under Appendix 'O' of the M.S.R. has not yet been issued. The Special Officer for Rural Development has to deal with a lot of preliminary work to enable the new scheme to come into action on the due date. Among the several items are, prescribing of forms, and registers, and accounts, to be maintained, and rules for the regulation of 'Rural Development Fund' by the Taluk and District Development Committees, reorganisation of the Rural Development Office and taking over the work of State Adult Education Council, organisation of Central Rural Library and statistical section etc. It will be very difficult for the Special Officer for Rural Development to work out the details single handed. I am therefore, to request you to appoint one of the 2 regional officers as Personal Assistant to work out details of the new Scheme. As the regional officer will have control over Depressed Class work in Mandya, Bangalore, Tumkur and Kolar Districts, I would suggest the appointment of Sri. L. Lingiah, now the Personal Assistant to the Minister for Local Self-Government. He has experience of Taluk and Secretariat work and is perhaps well suited for the post. As he will be in charge of four

Districts and will also look after Headquarter work as Assistant to the Commissioner for Rural Development he may be given an allowance of Rs.75/- per mensem.

FROM

SRI N.S.HIRANNAYYA, M. A.,
Special Officer for Rural Development

TO

SRI K. SRINIVASAN, B.Sc.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.

SIR,

With reference to your letter no.3437/C.B., dated 16th November 1948, calling for proposals regarding the other Regional Officer for Depressed Class work and his Headquarters, I have the honour to state that the population of Depressed Classes in the various districts is as follows:-

I. BANGALORE REGION.

Bangalore City.	21,603
Bangalore District.	1,33,431
Kolar District.	1,99,599
Kolar Gold Fields,	58,084
Tumkur District.	1,64,699
Mandya District.	87,264
Civil Station,	32,512
Total	6,97,192

II. MYSORE REGION.

Mysore City.	15,000
Mysore District.	1,77,214
Hassan District.	1,12,266
Chickmaglur Dt.,	76,433
Shimoga District.	96,700
Chitaldrug District	1,44,534
Total	6,22,147

The distribution of the districts among the two Regional Officers as contemplated in Government Order No.L.B.3510-45/V.P.45-48-1 dated 29th October 1948 would therefore be fair as far as the population to be attended to is concerned. Geographically, however, it does not appear quite so suitable. A proper re-

registribution would probably be:

1.	Bangalore, Kolar, Tumkur and Chitaldrug.	1 Region.
2.	Mysore, Mandya, Hassan, Kadur, and Shimoga.	1 Region.

This would give contiguous areas and would make the work of the second Regional Officer a little more handy.

There is however ~~the~~ one circumstance which has to be taken into account now. The 1st Regional Officer is also the Personal Assistant to the Commissioner for Rural Development and naturally has to be at Headquarters much oftener than his colleague. This is specially so at the present moment where a large number of details relating to the recently sanctioned re-organization of the Rural Development Department has to be worked out. Giving him Chitaldrug would therefore be giving him a jurisdiction at too great a distance to enable him to satisfactorily carry out his duties as Personal Assistant. Eventually a separate Personal Assistant to the Commissioner of Rural Development would be absolutely essential. But till then we may allow the two jurisdictions to be the same as mentioned in Government Order no.L.B.3510-45/V.P.45-48-1 dated 29th October 1948, viz.,

1. Bangalore, Tumkur, Mandya and Kolar, - one Region,
2. The other Districts. 1 Region.

As regards the Headquarters of the other Regional Officer, the best place would be Hassan, as it would be central to the area under his charge and would enable the Officer to devote special attention to the Malnad areas. But there are circumstances personal to Sri. B. Rachappa who is proposed to be the Regional Officer which would indicate Mysore as the Headquarters tentatively

till the working of the Scheme is examined at the end of the year. Mysore may therefore be the Headquarters of the Regional Officer for the moment.

As already indicated, I am proposing Sri. B. Rachappa (now Assistant Commissioner of Depressed Classes) to be the Regional Officer, Mysore Division, with Headquarters at Mysore on the same grade he is now in, viz., Rs 600-25-850.

Yours faithfully,

(5) Government Order No. 9661-703—C.B. 335-47-2, dated 21st June 1948, transferring the work of amelioration of the condition of the Depressed Classes to the Revenue Commissioner from the Commissioner for Depressed Classes.

ORDER No. L.B. 3510-45—V.P. 45-48-1, DATED BANGALORE, THE 29TH OCTOBER 1948.

The work of intensive Rural Development was first launched in 1936, in a few villages in each District with a view to improving a material development of such selected villages so that they might serve as models to other villages round about, and indirectly stimulate their progress. But experience has shown that the villages in general have remained uninfluenced by the improvement affected in the selected villages. Further, there were frequent representations in the Houses of Legislature that similar intensive work should be undertaken in a larger number of villages in each District with adequate Government grants. Accordingly, a five-year plan for Rural Reconstruction Drive was sanctioned during 1942, in pursuance of which intensive work was undertaken at first in one set of hoblis in each Taluk throughout the State, with the aid of non-official workers called "Gramasudharakas." It was expected that intensive Rural Development Work would be in operation in all the villages throughout the State at the end of five years. The Gramasudharakas were trained and posted for work to the first set of hoblis in 1943, and to the second set of hoblis in 1945, and the Rural Development Work has been in progress in these two sets of hoblis so far. This scheme for various reasons did not secure such results as were expected. Representations were made again in the Houses of Legislature to discontinue the system of getting Rural Development Work done through the agency of the Gramasudharakas and to constitute Taluk, District and Central Development Committees with wider powers instead of their being only advisory bodies, with a view to Rural Development Work being carried out more expeditiously and efficiently. Proposals were also under consideration to transfer the work relating to the amelioration of the condition of the Depressed Classes to the control of the Officer in charge of the Rural Development Work. The services of the Gamasudharakas were terminated with effect from 1st July 1948, as their work in general proved unsatisfactory.

2. The questions as to how best the material development of the villages in the State could be achieved expeditiously, in what beneficial manner the agency to be employed for this purpose has to work, how the funds intended therefor have to be utilised to the best advantage and in what manner the co-ordination of the various Development Departments could be utilised in achieving this end, and

various other similar matters have been engaging the anxious consideration of Government for some time past. After careful consideration of all these questions from all aspects and in consultation with the concerned Heads of Departments and the Deputy Commissioners of Districts, Government have evolved a scheme for the reorganisation of the work relating to Rural Development.

3. The scheme envisages:—

(1) The establishment of Taluk, District and Central Development Committees with Non-official gentlemen as Chairmen, having certain powers in regard to sanctioning of works, estimates, etc., relating to Rural Improvement hitherto exercised by Revenue Officers.

(2) Appointment of Revenue Inspectors with reduced jurisdiction to attend to Revenue as well as Rural Development Work in an area comprising 25 to 30 villages so that intensive work could be carried on with greater promptitude and efficiency.

(3) Appointment of Special Revenue Inspectors in each Taluk to assist the Amildar and to look after mainly acquisitions and other works relating to Depressed Class uplift.

(4) Transfer of the administration of the work relating to the amelioration of the condition of the Depressed Classes from the Revenue Commissioner to the Commissioner for Rural Development (who will in future have the status of a Head of a Department).

(5) Appointment of two Regional Officers for co-ordination and supervision of the work relating to the uplift of the Depressed Classes.

(6) Constitution of a Fund called "Rural Development Fund" with detailed heads for—

(*a*) Improvement works,
(*b*) Drinking Water Wells and
(*c*) Inter-Village Communication Roads, with the object of funding unutilised grants at the close of the year for being expended during succeeding years.

4. The scheme with the necessary details as sanctioned by Government is appended to this order. (Appendix 'A')

5. The extra expenditure on this account is estimated roughly at Rs. 3·95 lakhs per annum as indicated in Appendix "B" and it will be met out of the Rural Development Drive Grants for the current year by suitable appropriation out of the lumpsum grants allotted for the Development schemes during the year 1948-49 in the State Budget. Due provision will be made therefor in the Budget for 1949-50 onwards.

6. The Revenue Commissioner in Mysore, is requested to intimate in consultation with the Deputy Commissioners of Districts, the number of Revenue Inspectors that have to be appointed in each hobli in addition to the existing number in each district, if the jurisdiction of each Revenue Inspector is restricted to an area comprising 25 to 30 villages.

7. The Comptroller to Government is requested to issue necessary instructions in consultation with the Commissioner of Rural Development and Revenue Commissioner for the proper maintenance of registers and accounts in the Revenue Offices and their submission to the Audit Office.

8. The Commissioner for Rural Development is requested to obtain and forward quarterly progress reports to Government and prescribe such other periodical returns as might be deemed necessary.

9. The Superintendent, Government Printing, is authorised to print and supply the required forms and registers for the Office of the Commissioner for Rural Development and the Revenue Offices.
